Figma

## LANGUAGES

Spanish - Native

English- Advanced

Italian - Basic (currently learning)

Catalan - Basic (currently learning)

## ABOUT ME

I'm a Web Developer with over 6 years of experience structuring and developing responsive websites and platforms. I'm passionate about coding and solving analytical problems, proactive, with great interpersonal relationships. I'm always eager to learn new things and share my experience with others.

## EXPERIENCE

### Freelance (2015 - Now):

I've developed multiple projects over the years, from informative one pages to full administrative platforms, working on both Front-End and Back-End, using MVC architecture, creating Databases, developing full responsive sites, following guidelines from design teams as well as designing from scratch. You can find some examples here:

<https://floating-fjord-66924.herokuapp.com/>

<https://www.pianorollcovers.com/>

<https://21dias.coach/>

### COO - Tamarindo Lab (2019 - 2022):

Responsible for the development processes and the work team. Full stack development for different clients.

## **Commercial Manager - Barça Academy (2019):**

National manager of the commercial area for the Barça Academy Colombia (FCBarcelona). Responsible for the commercial team and client relations.

---

## **Web Developer - Pattern Cinco (2018 - 2019):**

Development for a piano learning software, using HTML5 for the website, PHP for the Back-End, Create.js for drawing and tween.js to animate the musical notes inside the software.

---

## **Web Developer - ASIGNAR SAS (2015 - 2018):**

Website development for a temporary employment company, with full administration area using MVC architecture and PHP. Continuously implementing their needs within the system.

## EDUCATION

**B.S. Computer Science (Currently studying).** - University of The People.

**Complete Web Development** - Udemy

**Responsive Web Design** - Goldsmiths University of London.

**Fundamentals of Graphic Design** - Cal ARTS California.

**Front-End development** - FreeCodeCamp.
